

TYPE 2 CLASS E FULL BRIM SAFETY HELMETS

The Malta Dynamics Type 2 Full Brim Safety Helmet is rated to protect your head from top and side impact, provides electrical shock protection up to 20,000 volts (phase to ground) and meets the ANSI standard Z89.1-2014 for Type 2 Class E helmets. They are equipped with comfort-conscious ratchet system and a safety chin strap to keep the helmet securely on your head. The helmet has a full brim for protection against sun exposure, soft internal padding for a comfortable fit, and fixed clamps to keep headlamps in place.
