MAKE ANY SIZE
STAINLESS STEEL
CLAMP YOU NEED

SPECS & INFORMATION

RACE Build-A-CLAMP

- ① 4-piece Quadra Lock housing
- ② Modular interlocking band to hardware system
- ③ S40 Series stainless steel band with safety edge

Crafting a clamp from a continuous roll allows for the creation of a completely stainless steel clamp in any size. This approach surpasses the limitations of crimp/buckle banding and strapping products, providing greater flexibility and durability.

The maintenance clamp system in a box

The RACE Build-A-Clamp kit provides a reusable clamp system for total maintenance. The kit includes a continuous roll of stainless steel banding and adjustable worm-gear assembly fasteners, all made of stainless steel. It's essential for individuals who may need to work with large clamps of varying sizes.

Key Features:

- A maintenance “clamp system” in a box
- Make any size 100% stainless steel clamp in seconds
- Versatile
- Reusable

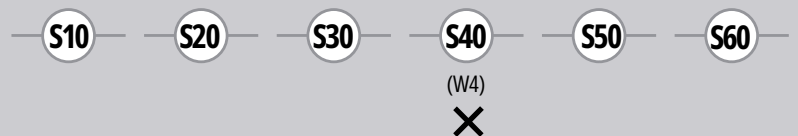

Typical applications:

- | | |
|---------------------|---------------|
| • Roofing | • Maintenance |
| • Machinery | • Farms |
